REMARKS [REDACTED]

25X1 Work on the laying of the second track of the Wittenberg-Jueterbog line is under way as far as the completed connecting curve near Dennewitz (U 52/E 68). Most of the required material is available. However, a certain amount of crushed stone required to make the roadbed serviceable is still missing. *

25X1 [REDACTED] Comment. The reconstruction of the second track of this important railroad line was previously reported. [REDACTED]

25X1 According to the slow-down regulations of the Berlin regional railroad directorate, valid until 18 November 1950, the Buelzig/Zahna section of the line is completed while the section as far as Dennewitz is still under construction.

25X1 The completion of the connecting curve near Dennewitz southwest of Jueterbog was previously reported. [REDACTED]
